OEM Car Stabilizer Link Parts 54830-2H000 Suspension Sway Bar Link

Our Product Introduction

for more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54830-2H000
- Minimum Order Quantity: 100 PCS
- Price: \$1.30~\$2.00
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 100000 pcs per month

Product Specification

- Product Name: Stabilizer Link
- Material: Metal Iron With Rubber
- Color: Black Or Silver
- Position: Front Axle, Left And Right
- Car Make: Hyundai Elantra Saloon HD 2005
- OEM: 54830-2H000
- Highlight: **OEM Car Stabilizer Link, Car Stabilizer Link Parts, 54830-2H000**

Product Description

54830-2H000 Suspension Parts Stabilizer Link for KIA Hyundai ELANTRA Saloon HD 2005 548302H000

Product Description:

A stabilizer link, also known as a sway bar link or anti-roll bar link, is a component in a vehicle's suspension system that connects the sway bar (stabilizer bar) to the suspension control arm or strut. Its purpose is to reduce body roll and improve stability during cornering.

Features:

- 1. Enhanced Stability:** Our stabilizer link effectively connects the sway bar to the suspension control arm or strut, minimizing body roll and improving overall stability when navigating corners or uneven road surfaces.
- 2. Precise Fit and Function:** Designed to exact specifications, our stabilizer link guarantees a precise fit for your vehicle's make and model. It features sturdy construction with premium materials to withstand the demands of everyday driving and harsh road conditions.
- 3. Smooth and Quiet Operation:** Our stabilizer link's high-quality ball joints or bushings ensure smooth articulation and reduce noise and vibrations, making for a comfortable and quiet ride.
- 4. Exceptional Durability:** Our stabilizer link is fatigue, corrosion, and wear resistant because it is made to last. It is put through a rigorous testing process to make sure that it meets or surpasses industry standards for durability and dependability.
- 5. Vehicle-Specific Compatibility:** We provide a large selection of stabilizer links made to work with different brands and models of vehicles. Please make sure compatibility is maintained by choosing the appropriate link for your particular car.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
A large of stock
Professional export company
Accept small order
We can design anything well according to customers' requirment
